

MANAGEMENT SERVICES RENTAL CRITERIA FOR SUNCHASE APARTMENTS

Management Services Corporation strongly supports the applicable Federal and State Fair Housing laws in both spirit and actual practice. All policies set forth below are to be strictly adhered to without regard to race, color, religion, sex, national origin, handicap or familial status. All prospects are to be treated in the same manner when marketing an apartment or rental property. Guidelines for acceptance of a lease agreement for all applicants are outlined below:

Note: Anyone 18 years or older who will be living in the apartment must complete an application and qualify according to the guidelines set herein. **A minor who turns 18 during occupancy will be required to complete an application at lease renewal, but will not be subject to the qualifying guidelines. However, if the qualifying resident (s) is removed from the lease agreement, the existing occupants will be subject to re-qualification guidelines as outlined below.**

I. Rental Scoring

Management Services rely upon statistical scoring model to determine the relative financial risk of leasing an apartment to you. We use a third-party screening company, Resident Check to screen all applicants. In addition to estimating risk, rental scores are an objective and consistent way of reviewing relevant application information, and help speed the application approval process.

How is my rental score determined?

Rental scoring systems assign points to certain factors identified as having statistical correlation to future financial lease performance. Your rental score results from a mathematical analysis of information found in your credit report, application, and previous rental history. Such information may include your bill-paying history, the number and type of accounts you have, collection actions, outstanding debt, income, and the number of inquiries in your consumer report. The final number, or rental score, represents an estimated level of risk as compared to the performance of other consumers in a range of scores.

Because your rental score is based upon real data and statistics, it is more reliable than subjective methods of evaluating your information. Rental scoring treats all applicants consistently and impartially. Additionally, your rental score never uses certain characteristics like – race, color, sex, familial status, handicap, national origin, or religion – as factors.

Where can I have my score explained?

Should your application be denied based upon your rental score, you can learn which factors most negatively influenced your score by contacting the consumer reporting agency listed below. Additionally, you can obtain a free copy of your consumer report, if you make the request to the consumer reporting agency within 60 days of the denial.
